

SETO POWER LED

Portable work light that can be used as a handheld or tripod light

This high-performance luminaire represents the latest in mobile LED technology. It is robust, virtually maintenance-free and easy to use.

The head of the luminaire consists of 30 highly efficient LEDs, which provide the user with bright light and are ideal for illuminating workplaces. The fully focusable 3-stage optics make this light a versatile and reliable companion.

The **SETO POWER LED** features a shock-resistant polymer housing. Inside, steel components provide reinforcement, ensuring high safety for the entire device.

Thanks to integrated Quicklock extension poles (included in delivery), the luminaire head can be raised in no time at all, making the **SETO POWER LED** suitable for illuminating larger areas. These interlocking poles create a very simple yet stable system that can be quickly extended and stored in the device itself.

In addition, the **SETO POWER LED** offers a pair of fold-out legs, which turn the light unit into an effective tripod system and provide additional stability without the need for additional equipment.

PRODUCT FEATURES

- Fully focusable 3-stage optics
- Various application options (hand-held and tripod mode)
- Integrated diffuser in the luminaire head
- Robust and maintenance-free
- Overload protection
- Light output adjustable from 8 to 100 percent

TECHNICAL DATA

Electrical data	
Operating voltage	230V (AC) / 12V (DC)
Power consumption	43 W
Operating time	
Highest level:	8 h
Lowest level:	33 h
Flashing mode:	110 h
Charging time	9 h
Charger	2.7 A, included in the scope of delivery
Luminous data	
Illuminant	30 x High Power LED
Luminous flux (REAL Lumen*)	1,000 to 4,000 lm
Colour temperature	6,500 K
Life time	50,000 h
General data	
Dimensions (l x w x h) approx.	390 x 195 x 255 mm
Lichtfunktionen	Flashing, SOS (only SETO POWER LED CAR REMOTE)
Item no.	73_100001-R (SETO POWER LED CAR REMOTE)
	73_100002 (SETO POWER LED)
	73_100006 (SETO POWER LED CAR)

* Lumen = lm / The "REAL Lumen" are REAL measured light output quantities.

For products with the quality seal **REAL Lumen (RL)** specified max. Lumen measurements are basically **real** values in relation to the product incl. reflector, diffuser etc. and corresponding **not only to the theoretical** maximum values of the used light source. For this purpose, we measure appropriately labeled products in our own light laboratory under real conditions of use.

OPTIONAL ACCESSORIES**QUICKLOCK EXTENSION POLE FOR HEIGHT ADJUSTMENT (REPLACEMENT)**

Scope of delivery: 1 pole

Item no.: 73 __ 100003

REMOTE CONTROL (only for SETO POWER LED CAR REMOTE)

Control brightness, mode and battery status

Item no.: 73 __ 100004

EMERGENCY SYSTEM (only for SETO POWER LED CAR REMOTE)

In the event of a power failure, this system switches on all grouped SETO POWER LED lights.

Item no.: 73 __ 100005

VEPAC-KFZ-CHARGER SRLP 90

Enables charging in the vehicle without having to disconnect it, as an intelligent protection system protects the vehicle battery from deep discharge.

Item no.: 73 __ 100008

TRIPOD XTRA

Height adjustable from 1,400 to 2,250 mm

Item no.: 73 __ 100009

MAGNETIC HOLDER FOR SETO POWER LED

For attaching the luminaire head to magnetic surfaces

Item no.: 73 __ 100010

QUICKLOCK EXTENSION POLE XTRA-LONG

Length: 1,200 to 2,000 mm, weight: 3.46 kg

Item no.: 73 __ 100011

TRANSPORT BAG

Dimensions (l x w x h): 400 x 250 x 320 mm, weight: 1.20 kg

Item no.: 1410000668
